

# MONROE CITY

JULY 2018

## SPLASH PAD UPDATE

Construction on the splash pad should begin the first week in September.

Monroe City and the Little Green Valley Civic League have been working for a long time to get the splash pad completed.

Nan & Shantelle, Little Green Valley Civic League, were working with Mr. Edwards, owner of Splash Pad USA, for quite some time to get everything arranged for our splash pad. Mr. Edwards suddenly became ill and passed away about a year ago. Since then Splash Pad USA has gone through many changes, as you can imagine. However, over the past few months we have been able to work out a proposal for a pad that will be within the original budget amount of \$60,000. So far \$48,000 has been raised, another \$12,000 will need to be raised. Fund raising efforts will begin once construction on the splash pad starts.

## MAYORS MESSAGE-Johnny Parsons

As usual the summer seems to be flying by, and July is here which means it's time for our Pioneer Day Celebration. Our city staff, city council and 24th of July committee are working hard to make this years celebration a great one. Be sure to read the included flyer which lists all the fun activities, you can also visit our website [littlegreenvalley.com](http://littlegreenvalley.com) for more information and registration forms. I hope to see many of you during our celebration.

Please remember, with the dry conditions which we are experiencing, to be very cautious as you set off fireworks during the upcoming

celebration. State laws have been changed this year and you may only set off fire works from July 22–July 25. Be careful so we can have a safe and enjoyable celebration.

With the hot and dry weather, the irrigation pond is getting low. We are currently pumping water from the canal to the irrigation pond to keep up with the demand. So, we are urging everyone to please be conservative in your watering. Please remember to not water during the hours of 10:00 am – 6:00 pm, make sure that your sprinklers are set correctly so that water is staying

on your lawn and not running down the street, and if possible water only every other day. If we can all work together and be careful, we should be able to make it through the summer with enough water to keep our yards looking nice and our gardens producing.

---

### Streets Department update:

Monroe City will be holding a truth and taxation public hearing on August 14, 2018, 6:30 p.m. at South Sevier High School to receive citizens input on our proposed street improvement project.

WHITE'S SANITATION WILL BE DOING GARBAGE PICK UP ON JULY 24TH.... SO HAVE YOUR TRASH CANS OUT BY 7:00 AM. THEY WILL BE COMING EARLY SO THEY CAN GET EVERYTHING PICKED UP AND DONE BEFORE OUR PARADE STARTS AT

Remember this is not open burn season. No open burn is allowed until September 1, 2018..

**ATV Users:**

Monroe City does allow OHV's vehicles on all city streets. OHV's shall not be operated on the shoulder of the roads or in ditches. Residents who have placed objects in the right of way to keep the OHV riders on the pavement, especially on corners, must keep these areas clear. This not only is non-compliant with our ordinance but could be a dangerous practice.
