APRIL 2015

Mayor's Message—R. Kirt Nilsson

This year with the weather being warmer and drier than normal we were able to turn the irrigation water in earlier. We may have to be more responsible because of these factors this summer. If we'll all do a little we can make a big difference. Anything you can do will help.

Coming up this next month, from May 11th to the 17th, the council has set as our city clean up with White's Sanitation. This is a good time to make our places and our city look nice.

We have a group of people who are trying to raise money to put a splash pad in our city. They are

working on some activities to raise money and talking to different organizations to get the funds to accomplish this. If you are interested in helping or donating contact the city office.

Work is progressing on the new ball fields. The grass isn't coming in as fast as we'd like, but hopefully that will correct itself. The fencing will be put up soon and the electrical transformers moved. The drawings for the new concession stand/scorers booth and restroom expansion will soon be complete and then go out to bid. This is going to be a great facility.

Thanks to all of you for all you do to make this a great place to live.

County Landfill free
tire cleanup will be
held on May 17th to
May 31st.

Monroe City will be accepting Youth Council applications from May 1st thru the 15th . If you live within Monroe City Limits, will be grade 8-12 this coming year and have at least a 2.0 GPA and are interested in serving your community and learning about city government along with leadership skills come in and apply.

Hey all you water lovers! We are bustin' at the seams!!

We have a fantastic opportunity before us and we need your help! One of our town's goals is to provide fun, wholesome activities for the families and kids of Monroe.

The Little Green Valley Civic League is excited to announce the coming of our very own SPLASH pad! Thanks to the generosity of an anonymous donor, a large part of the cost will be covered, if we as a community can pull together and raise the remainder of the necessary funds. There are a couple of ways you can help. You can make a donation directly to the project at the City Office in Monroe, or through donations at various City events. Our first BIG fundraiser, mark your calendar, is a Barbecue,. We will be serving hot dogs, hamburgers and all the fixings, scheduled for Friday, April 17, 6:30pm at Mountain View Park.

Details of the SPLASH Pad will be available at the barbecue or they can be found on the Monroe City website, www.littlegreenvalley.com. All contributions, big or small, are greatly appreciated!! Looking forward to having some fun!

Other News:

OPEN Burn—Ends May 31st

Open burn will end on May 31. Fire Chief Peterson highly recommends that you finish up your burning before this date. If you must burn after this date you will need to come to the city office and fill out an application to burn.

County Landfill free tire cleanup will be held on May 17th to May 31st.

FISHING POND

With the warmer weather the fishing pond is now open. Please help keep this a nice place for everyone and take out what you bring in. And good luck fishing.
